

Edge-R-Rite® II

The ultimate in edging versatility.

The ultimate in edging versatility.

- Greaseless bearings, heavy-duty arm and rugged design provide years of productivity.
- Eliminate shovel work for flowerbeds, tree rings or sidewalks.
- Unique blade action—cuts like a sod cutter without throwing debris.
- Safer than a rotary blade for heavy edging jobs.
- Available with the following blade options: Right Angle, 30° Tree Ring, V-Trencher, Circular and 3" Sod Cutter.
